- List objectives here
- List objectives here

Requirements/Task(s):

Task 1 Outline the project requirements. What task(s) should the students complete?

Task 2

Task 3

Record your notes/research here:

This is where students can record their ideas and research as they gather the information needed to complete their project.

Outline the steps/plan for your project:

After students complete any research necessary, this is where they will create a plan for their project. Consider requiring teacher approval before they continue to the creation/implementation phase of the project.

Teacher initials _____

You are ready to create your project! Please revisit the project tasks/requirements as you work.

Summarize what you learned:

Possible student prompts: What did you learn? What worked well? What was the most challenging aspect of this project? What will you do differently next time?
